Children sizes S, M, L \$18.00 [These run true to size]

2X & 3X - \$20.00.

Pre-order all shirts with your Pre-Registration form.

PIONEER VILLAGE

You can re-live America's Golden Yesterdays through the largest private collection of Americana in existence. The Pioneer Village complex includes 28 buildings on 20 acres housing over 50,000 irreplaceable items of historical value, all restored to operating order and arranged in groups and also in the chronological order of their development.

The usual \$9.00 two-day admission for PV is good for all four days for ITG participants!

Facilities

The Pioneer Village (PV) complex boasts three era-perfect motels, providing about 85 available rooms. The Village Restaurant seats 350 people, serving "fine foods for fastidious folks at popular prices." There is also a snack bar serving coffee, ice cream, candy, soft drinks and sandwiches.

The Campground is a part of the Pioneer Village complex, and includes 50 compact developed sites, each capable of snugly supporting two teardrops. (Yes, we'll all know our neighbors well by the time we leave!) If we double up, more people can enjoy this lovely grassy, treed campground. (**Sharing is highly encouraged!**)

All sites in the main campground have water and power. There are limited restrooms and showers, so the Village is also opening additional motel rooms for restroom and shower use only to ITG participants. Additional portable toilets will be brought in.

Across the street from the main campground is the Primitive camping area with several "community" water spigots available, limited electrical access, some trees, no designated sites, but capable of supporting 50 or more teardrops/trailers. To the north and behind PV proper, lies the Overflow dry camping area, basically an open field with no trees or amenities.

Note: There will be a limited amount of picnic tables available outside of the main campground. We have arranged to have additional tables brought in from the local state park and from a private individual. However, we would suggest that if you have portable tables & chairs that you can bring for your site, please do so!

MINDEN, NEBRASKA

Minden is a small midwestern town - a quiet, lovely place that can truly evoke memories of times past. The Pioneer Village complex lies within the Minden city limits, and therefore **NO OPEN FIRES** will be allowed at any time for any reason. Barbeques are okay, as are Dutch Ovens, so long as a fire pan is used to contain the charcoal briquettes. Portable fire-pits that entirely contain the campfire, both top and bottom, are also okay.

This event is being **PLANNED AROUND an EARLY PRE-REGISTRATION DEADLINE**. There are only 50 (100 if everyone doubles up) camp sites in the Main Campground. PV will reserve a half or whole space in your name.

When the main Campground is full, PV will reserve spaces in the Primitive Area (i.e. first-come, first-served) (limited electricity), then in the Overflow Area (no services.)

If you can't register by May 31, but think you'll probably be attending, call us at 1-308-832-2211 before June 7. It's important that we have an accurate count of attendees as possible by that date, to help George with his preparations. Late registrations will begin at the event in Minden on June 18.
